Brenda Daniells  
St Margaret's Church, Streatley

8 November 2016

Dear Brenda

Thank you to everyone at St Margaret's Church Streatley, Care Committee, for your recent donation of £709.10. I hope you all enjoyed learning more about the work of Medical Detection Dogs from one of our key volunteer speakers, Geoff.

Your support will help us to continue our ground-breaking charitable work, which investigates the potential of dogs to assist clinicians in the early detection and diagnosis of cancer and other diseases. Our work also includes the training and placement of specialist Medical Assistance Dogs that alert their owners prior to a medical emergency allowing them to lead a more normal life with increased independence and confidence. We have trained and placed 73 Medical Alert Assistance Dogs so far.

As a charity that receives no government funding, your support is most appreciated.

Yours sincerely

Andrea Walters  
Finance Manager
